The service review and sphere study encompass the area of the existing West Valley Water District and its existing sphere of influence. Expansion of the District's sphere of influence is proposed as follows: in the northeastern area to correspond with the sphere of influence of the City of Rialto in the vicinity of Glen Helen Regional Park; in the central area of its sphere of influence along its western boundary to include the District's offices and facilities southerly of Baseline; in the southern sphere area along the south side of the Interstate 10 freeway between Locust and Linden Avenues in the Bloomington community; and in the southern sphere area along the newly-defined Riverside/San Bernardino County line within the Aqua Mansa Specific Plan area.

8. Consideration of: (1) CEQA Statutory Exemption for LAFCO 2924; and (2) LAFCO 2924 – Service Review and Sphere of Influence Update for City of Grand Terrace

The City of Grand Terrace is not proposing any changes to its sphere of influence or service boundaries. The study area is the existing sphere of influence assigned the City, which is coterminous with its existing corporate limits.
